THE FOUNDRY TRADE JOURNAL

(with which is incorporated THE IRON AND STEEL TRADES JOURNAL)

ESTABLISHED 1902

INDEX TO VOLUME LXXIV

September to December, 1944

A

Achievements in the Development and Application of Uniform Cost Systems, 315, 343
Alloy Cast Iron for Low-temperature Service, 314

Aluminium:

American Aluminium Output Reduced, 99
Mechanised Production of Aluminium Gravity Die-castings for the Merlin Engine, The, 193, 215, 237, 277, 299, 319 (Discussion)
Segregation in Aluminium Silicon Alloys, 214
Use of Aluminium Alloys in Building, 166
Wartime Calls on Women to Make Aluminium Air-cooled Cylinder Heads, 75 (Discussion)

American Aluminium Output Reduced, 99
American Foundrymen's Association, 177, 298
An American's Views on British Industry, 223
Association Technique de Fonderie, 314

B

B.C.I.R.A. Annual Meeting, 298
B.C.I.R.A. Elects New Members, 222
B.I.C.E.R.A. Acquires Laboratory Facilities, 341
Blackout in Foundries, 183
Blast-furnace Workers' War Record, 82

Board of Trade:

British Exports of Iron and Steel, 224, 327
Exports of Machinery, 16

Bolts and Nuts, Control of, 328

Book Reviews:

Commodity Control. Second (Cumulative Supplement), 46
Constructional Engineers' Compendium, A, 314
Equilibrium Diagram of the System Copper-Tin, The; Equilibrium Diagram of the System Copper-Zinc, The, and Equilibrium Diagram of the System Copper-Aluminium, The, 204
International Currency Experience, 170
Patternmaking for Gears, 158
Patternshop Organisation and Management, 130
Principles of Magnetic Crack Detection, 272
Safe Installation and Use of Abrasive Wheels, The, 314
Stores Control, 314
Transactions of the Manchester Association of Engineers, Session 1943-44, The, 347

Britain's War Effort, 286
British Cast Iron Research Association, 295
British Non-ferrous Metals Research Association, 184
British Standardised Sample of Acid-resisting Silicon Iron, 322

British Standards Institution:

Annual Meeting, 164
Draft Standards, 200
New Standards, 334
United Nations Standards Committee, 8

Brush Foremen's Association, 114

C

Call for Release of E.P.T. Credits, 307

Canada:

World Mineral Control, 16

Casting Defect Dial, A, 178
Castings Defect Chart, 150
Catalogues, New, 8, 78, 92, 162, 170, 223, 232, 348
Centenary of Iron Making, A, 122
Certain Scrap Restrictions Withdrawn, 310
Clothing Coupons for Workers, Extra, 310
CO in Compressed Air, 220
Coke in Short Supply, 342
Coke Research, 330
Colour in the Home, 232
Competitive Tidiness, 232
Controlling the Mixing of Foundry Sands, 180
Control of Bolts and Nuts, 328
Control of Composition and Heat-treatment in 0.25 per cent. C and 1.5 per cent. Mn Steel Castings, 36 (Discussion)
Co-operative Research, 107

Correspondence:

An American Technical Meeting, 334
Founder Members of the Institute, 214

Foundry Floors, 114
Foundry Industry, The, 252
Cost Systems, Achievements in the Development and Application of Uniform, 315, 343

D

Death of Dr. T. Swinden, 184
Development and Production of Inoculated Cast Iron, The, 3, 31, 115 (Discussion)
Developments in an American Foundry, 92
Die Steel, 252
Disposal of Surplus Stores, 286
Distribution of Man-power, 304
Dorman, Long & Company, 225
Dr. Harold Moore to Retire, 66

E

Education in Lancashire, Foundry, 102
Effect of Hydrocarbon Gases on Refractory Materials, The, 158
Enamelling Industry and Post-war Problems, 285
Engineering Companies' Shares, 270
E.P.T. Credits, Call for Release of, 307
Equipment of Northolt Demonstration Houses, 92
Export Trade Policy, 16
Exports of Iron and Steel, British, 224, 327
Exports of Machinery, 16
Exports to Turkey, 350
Extension of Research, A Plea for the, 253
Extra Clothing Coupons for Workers, 310

F

Falkirk Light-castings Industry, 334
Ferro-manganese, Refined, 44
First Aid in Foundries, 108
First Report on the Basic Cupola by the Melting Furnaces Sub-committee, 25, 55, 71, 257 (Discussion)
Firth-Brown Appointments, 210
Flow Measurement, Notes on, 251
Foundries of H. J. Maybrey & Company, The, 93
Foundry Education in Lancashire, 102
Foundry Industry, The, 221
Foundry Management, 179
Foundry Sand Reclamation, The Wet Method of, 8
Foundry Sands, Controlling the Mixing of, 180
Foundry Technique, Machine Shop Practice and, 11
Foundry Trade Prospects, Scottish, 348
Foundry Trades' Equipment and Supplies Association, 170
From War to Peace Production, 206
Future of Steel Castings, 2

G

Gas-fired Furnaces, A New Principle in, 29
Gating a Valve Cover, 263
German Development in Cast Iron, Recent, 150
Government Factories, Surplus, 143
Government Purchases of Tungsten Ore, 266

H

Harold Wright Lecture, 288
Heavy Engineering Industry, 16
High-cost Steel Producers, 350
Hydrocarbon Gases on Refractory Materials, The Effect of, 158

I

Industrial Blackout, 86
Industrial Injury Insurance, 100
Industrial Law of Executives, 214
Industrial Radiography, 13
Influence of Melting Conditions on the Physical Properties of Steel Castings, The, 46
Infra-red Lamp Heating Units for Mould Drying, 54
Ingotting Non-ferrous Metals, 330
Inoculated Cast Iron, The Development and Production of, 3, 31, 115 (Discussion)
Inoculated High-duty Cast Iron, The Production and Founding of, 335

Institute of British Foundrymen:
Institute Calendar, 86, 192
Institute Elects New Members, 323
Mr. J. W. Gardom's Students' Fund, 294
Branches and Sections—
Birmingham, Coventry and West Midlands Branch, 159, 222
Bristol and West of England Branch, 192
Cape Town Section, 252, 334
East Anglian Section, 24, 46, 130
East Midlands Branch, 221, 222
Falkirk Section, 92, 130
Lancashire Branch, 294
London Branch, 67, 130, 192, 334
Newcastle-upon-Tyne Branch, 122
Scottish Branch, 192, 253
Slough Section, 66, 314
South African Branch, 334
Wales and Monmouth Branch, 150, 252
West Riding of Yorkshire Branch, 179, 294

Institute of Vitreous Enamellers:
Annual Meeting in Manchester, 273
Conference at Manchester, 74
Enamelling Industry and Post-war Problems, 285
Vitreous Enamelled Cast-iron Baths, 284
Interim Scheme for Unemployed, 126

Ironfounding Industry Fuel Committee:
Blackout in Foundries, 183
Ironfoundry Fuel News, 2, 24, 59, 78, 86, 108, 143, 150, 183, 200, 222, 263, 334

L

Leaders:
British War Effort, The, 293
Buffalo Convention, The, 334
Forty Years of Service, 213
Fuel Economy Campaign Surveyed, 45
Future of Trade Associations, The, 191
Germans Planning Economy, 149
Good Beginning, A, 169
In Search of the "Know-why," 231
Lift the Ban, 45
"Metamorphobia," 86

E. Engin

Peacetime Priorities and Controls, 23
"Pre-war" Quality, 65
Re-enter the Buyer, 313
Rehabilitating an Industry, 1
Selling Man-hours by Weight, 107
Sharing the Post-war Pie, 271
Trade Unionism and Foundry Progress, 129
U.S.A. to Import South African Corundum, 86
Vitreous Enamelling, 251
Light Alloy Cylinder Heads from German Aircraft, Metallurgical Examination of, 9
Light-castings Industry, Falkirk, 334
London Metal Exchange, 225

M

Machine Shop Practice and Foundry Technique, 11
Machinery, Exports of, 16
Man-power, Distribution of, 304
Maybrey & Company, The Foundries of H. J., 93
Mechanical Handling in Foundries, 151
Mechanised Production of Aluminium Gravity Die-castings for the Merlin Engine, The, 193, 215, 237, 277, 299, 319 (Discussion).
Melting Furnaces Sub-committee, First Report on the Basic Cupola by the, 25, 55, 71, 257 (Discussion)
Metal Manufacture in India, 326
Metallurgical Examination of Light Alloy Cylinder Heads from German Aircraft, 9
Midland Ironfounders' Association, 136
Modification by Heat-treatment of Cast Structures and Properties, 131, 171, 305
Moisture Remover from Air and Gas, 220
Moore to Retire, Dr. Harold, 66
More Nickel for Cast Iron, 288
Morris Foundry, Sand Reclamation at the, 137
Mould and Core Drying Theory, A, 262

N

National Health Insurance, 8
New Moulding Machine Bulletin, A, 326
New Principle in Gas-fired Furnaces, A, 29
New Standards, 334
Nickel Bronze Castings, 318
Nickel for Cast Iron, More, 288
Non-ferrous Etchant, A, 7
Non-ferrous Scrap Situation, The, 138
Northolt Demonstration Houses, Equipment of, 92
Notes on Flow Measurement, 251

O

Oil Seals, 325
Open Joints in Patterns, 59

P

Parliamentary Notes, 210, 225
Patent Specifications, 14, 28, 60, 122, 245, 326
Pattern Refinements, 161
Petsamo Nickel Mines, 188
Plastic Impregnation of Magnesium Castings, 342
Plea for a New Assessment of Castings, 159
Plea for the Extension of Research, A, 253
Production and Founding of Inoculated High-duty Cast Iron, 335
Publications Received, 114, 162, 232, 313

Q

Question of Wartime Leases, The, 322

R

Recent German Development in Cast Iron, 150
Refined Ferro-manganese, 44
Reinstatement in Civil Employment, 199
Relationship of Brinell Hardness and Yield Stress in Certain Cast Steels, 15 (Discussion)
Removal of Gases from Molten Bronzes, 108
Research Advisers, 146
Restrictions on Use of Steel, 326
Returned Ex-Service Employees, 178
Rhodesian Foundry, A New, 135

S

S.A. Meehanite Conference, 232
Sand Reclamation at the Morris Foundry, 137
Scottish Foundry Trade Prospects, 348
Scottish Industry After the War, 102
Scrap Restrictions Withdrawn, Certain, 310
Scrap Situation, The Non-ferrous, 138
Segregation in Aluminium Silicon Alloys, 214
Service to the Services, A, 232
Side Feeding of Steel Castings, The, 201
Some Useful Wartime Developments in Whiteheart Malleable Iron, 87, 109, 139, 181 (Discussion)
Specifications, Quality Control and Inspection, 67
Speed of Rotation in the Centrifugal Casting Process, 95, 117, 233 (Discussion)
Steel Castings, Future of, 2
Steel Mixes and Inoculants in Grey Cast Iron, 47 (Discussion)
Steel Price Schedules, 225
Steel Producers, High-cost, 350
Surplus Government Factories, 143
Swinden, Death of Dr. T., 184

T

Technical College for Derby and Notts, New, 20
Technical and Scientific Societies:
British Cast Iron Research Association, 222, 295, 298
British Coke Research Association, 330
British Internal Combustion Engine Research Association, 341
British Non-ferrous Metals Research Association, 184
British Standards Institution, 8, 164, 200, 334
Institute of Metals, 46, 108, 183
Iron and Steel Institute, 46, 210
Manchester Association of Engineers, 347
Thomas and Baldwins, Richard, 246
Tin Smelting Capacity, 143
Trade Marks, 30, 64, 184, 225, 264, 284, 348
T.U.C. Plans for Control of Industry, 20
Tungsten Ore, Government Purchases of, 266
Turkey, Exports to, 350
Tyre Upkeep, 200

U

United Nations Standards Committee, 8

United States of America:
American Aluminium Output Reduced, 99
American Foundrymen's Association, 177, 298
An American's Views on British Industry, 223
Buffalo Convention, The, 334
Co-operative Research, 107
Developments in an American Foundry, 92
Die Steel, 252
Future of Steel Castings, 2
Non-ferrous Etchant, A, 7
Plastic Impregnation of Magnesium Castings, 342
U.S.A. to Import South African Corundum, 86
U.S. Foundries to Buy New Plant, 252
U.S. Meehanite Research Institute, 272
Wet Method of Foundry Sand Reclamation, The, 8
United Steel Accounts, 186
Use of Aluminium Alloys in Building, 166
Use of Leaded Gunmetal for the Production of Castings to Withstand Pressure, 183
U.S. Foundries to Buy New Plant, 252
Using War Experience for Peace Production, 206
U.S. Meehanite Research Institute, 272

V

Vacation Courses, 324
Vickers Announce New Appointments, 290
Victory Services Club, 226
Vitreous Enamelled Cast-iron Baths, 284

W

War to Peace Production, From, 206
Wartime Calls on Women to Make Aluminium Air-cooled Cylinder Heads, 75 (Discussion)
Wartime Developments in Whiteheart Malleable Iron, Some Useful, 87, 109, 139, 181 (Discussion)
Wartime Leases, The Question of, 322
Wellman-Mesta Collaboration, 186
Wet Method of Foundry Sand Reclamation, The, 8
Wolverhampton Production Exchange, 150
Workmen's Compensation, 24
World Mineral Control, 16
Wright Lecture, Harold, 288

Z

Zinc Development Association, 200
